Daniel A. Rüfenacht, MD

SwissNeuroRadiologyInstitute - SNRI

Swiss citizen, 12.6.1955. Swiss board certified in Radiology and Neuroradiology.

Medical School, Univ. of Berne with graduation in 1981 and MD thesis in 1984.

1981-1987 Postgraduate training in radiology and neuroradiology at the Univ. Hospital of Berne (Prof. P. Huber) and in interventional neuroradiology in 1984-85 at Univ. VII of Paris, France (Prof. J.J. Merland).

1988-1992 work in US with stays at Univ. of Wisconsin, Madison, WI (visiting professor); Mayo Clinic, Rochester, MI (assistant professor); and Univ. of Minnesota, Minneapolis, MI (associate professor).

1992-2008 Prof. adj. of Neuroradiology at Dept. of Clinical Neurosciences, Univ. of Geneva.

2011-2017, Honorary Prof. at Dept. of Cardiovascular Science, Univ. of Sheffield, UK.

Since 2008, development of a diagnostic and interventional neuroradiology expert group at the SwissNeuroInstitute (SNI), Klinik Hirslanden in collaboration with Prof. I. Wanke, UKE Essen, Germany.

Preclinical/translational research as associate member of CABMM (Center of Applied Biotechnology and Molecular Medicine; IWR – InterventionalWorkResearch group) at the University of Zurich.

Co-Founder of educational societies and academic projects: ICS (since 2004), ESMINT society (2008), ESMINT/ANIC teaching course (2008-2016), SwissNeuroFoundation (since 2013), iNEW (since 2017).

Company Co-Founder of ANTIA (2007), G-RAY (2014), SNRI (SwissNeuroRadiologyInstitute, 2018).

Research interest: Neurovascular disease understanding, image biomarkers and endovascular treatment.

Over 255 peer reviewed publications, involved in 23 national and 4 European research grants.
